Our own experienced teams deliver high level, cost effective solutions to meet a range of issues in Tree care, Vegetation & Grounds management.

A Quality accredited Experienced, Fully Insured and Trusted Safe Company

We meet your need, by delivering solutions how & when we agreed.

Yet again another great job from the lads from Oakdale (NE) Limited. This is why we keep having them back! Efficient and experienced. They work solidly from the moment they arrive. They keep you updated about the job and how it is progressing. When finished they always make a good job of clearing up. Great lads, very personable. Would recommend the company to anyone thinking about having work done in their garden. Thank you. **Carole Sanders.**
